Level I This is suited for anyone who is new to the class, just getting back into exercising, or anyone looking for an effective workout at a moderate intensity level. Detailed instructions given.

Level II This is suited for anyone who exercises regularly, and who is ready for a challenging workout.

Level III This is not for the faint of heart! This advanced level is for anyone ready for an intense workout. This workout will challenge you in ways you have not been challenged before! Get ready to sweat!

ALL These classes are suitable to all levels. All exercises have modifications.

Express A Shorter version of your favorite classes. For those who love variety and/or are short on time.

Class Descriptions

Circuit Training	This class is designed to tone and sculpt all major muscles while keeping your heart rate up and fat burning. You will use light weight resistance bands, and barbells to tone with bursts of cardio in between exercises to keep the sweat pouring! Bring your towel and your water bottle!
Cycle Express	An intense half-hour cycle class that will get the heart rate up.
Cycle Training	An intermittent cycling class that is designed to get your heart rate into a target heart rate range depending upon your age and physical condition. We use music, spin bicycles, and positive coaching methods including visualization to help you achieve the maximum results from your workout. Remember to bring your towel and water bottle!
Cardio Sculpt	An innovative class that is based on the instructor's choice of; kickboxing, step, interval training, and floor work to strengthen the body utilizing various tools, such as balls, bands and weights.
Reduce Your Assets	This class offers a variety of exercises specifically designed to tone and shape your legs, glutes and Abs. This class uses some combinations of steps, bands, balls, and weights to sculpt you into shape.
Gym Circuit	Participants will utilize the cardio machines on a group level with instructor direction to bring their cardio to the next level.
Step Interval	A cardio step class integrated with intervals of strength training throughout the hour session with dynamic combinations and routines designed to tone and sculpt all major muscle groups while keeping your heart rate up and fat burning.
Cardio Choice	Anything Goes! The Instructor utilizes the step, kickboxing techniques, interval workout to high/low aerobic to maximize your workout.
Power Pump	Shaping and sculpting your body through light weight training with weights, bands, and balls to strengthen major muscle groups.
Step & Sculpt	A 30 min. High energy step class that utilizes the step with for a cardio workout with routines to intensify the workout for beginners to more advanced participants with a 30 min. strength training routine that incorporates a range of different skills and tools.
Goju Ryu	(Paid Program) Certified Goju Ryu Karate Program with a Second Degree Black Belt Instructor that is designed for mixed abilities and interests in the martial arts who wish to earn promotion through their performance, attendance and testing.
Karate Kids	(Paid Program) Certified Goju Ryu Karate Instructor who offers a Fun approach to Martial arts to children ages 5-10 with no prior experience who wish to get started and learn some coordination and beginning discipline of the martial arts.
W.O.W (Women On Weights)	(Paid Program) Structured Strength Training Program for women who desire to increase their major muscle group strength.
A.O.A (Active Older Adults)	This is a 30-min. low impact aerobic class for members of all ability and interest levels and includes 30-mins of strength training and stretching.
Cardio & ABS	A 25 min cardio burst that could involve aerobic training, step, interval or circuit training and finished off with intense abdominal work that challenges the most crucial areas of the core.
